NAVAL ENGINEERS WILL CHOOSE SITE SOON

ADMIRAL JAMES HELM HEADS COMMISSION

POND FAVORS RICHMOND IN HIS REPORT ON A NAVAL BASE

Hearings by the recently appointed board of five naval engineers for the purpose of selecting a possible site for a naval base on the Pacific coast will be held in the bay region at any early date, according to word received here today from Washington.

The new commission is headed by Rear-Admiral James M. Helm, commanding the Atlantic reserve fleet, and it will take up the work of investigation and examination as soon as the members can arrange their official duties so as to be free for the trip to the west. In the meantime data of all kinds pertaining to the subject are wanted by the board and will be received in Washington. The submission of descriptive material and arguments in favor of different localities will be appreciated by the engineers, who will be able to familiarize themselves

FINAL DETAILS FOR FIREHOUSE SITE SETTLED

Final details toward the purchase of the Pullman fire house site were closed last night when the council ordered the mayor and city clerk to sign the deed to the property. The Pullman site will occupy two lots.

It was sold to the city by Guy C. Chisholm of Antioch for \$1150. The purchase is to be made in two payments, \$115 down and the balance before December 1.

CAP WORKS HEAD IS SUED FOR DAMAGES FOR HURLING ACID

(Special to Record-Herald) MARTINEZ, Sept. 26.—A damage suit was filed by Superintendent J. A. Wheatley of the California Cap works in the superior court today charging Archibald Campbell, formerly in the employ of the company, with malicious assault.

Wheatley alleges that on March 6, this year, that Campbell through the contents of a phial of nitric acid in his face. As a result of the attack Wheatley claims that he suffered several painful injuries.

MORE HOMES SLOGAN FOR BIG BANQUET

More Richmond homes will be the slogan for the booster dinner which the Richmond chamber of commerce will hold in the Richmond clubhouse on the evening of October 6.

At that time an effort will be made to bring certain capitalistic influence and certain landowners together that this city may have more houses. Secretary J. A. Long of the chamber of commerce is actively engaged in an effort to secure more cottages for Richmond.

The dinner will be served under the auspices of the Ladies Aid society of the Wesley Methodist church. There will be several excellent speakers present at the dinner, the tickets for which will sell at fifty cents each. Tickets can be secured at either the Record-Herald office on Sixth street, the Independent office, News office or the chamber of commerce headquarters.

BREAKS FOOT

M. Cenolo, a laborer at the Blake quarry is suffering from a broken foot at the Craven hospital. He fell from a stepladder.

NO MORE PLEASURE JAUNTS FOR "COPS" IS COUNCIL EDICT

Last evening at the meeting of the common council the wings of Chief of Police Charles Walker were partially clipped. For a long time the council has heard the cry that the department was short of men, when the general opinion about the city is that the department has double what is actually needed.

When the recommendation of the chief was presented for the appointment of D. A. Carpenter to fill the vacancy caused by the rumored forced resignation of D. A. Fowler, Councilman Gerlach was on his feet and stated that he thought that was a good time to ascertain, why the department is doing a great deal of the work of the county sheriff's office, and also of the constable. He did not believe the city should pay the expenses of its men to go to Los Angeles and other cities to get people charged with crime, when the state law provided for the expenses of the sheriff in such cases.

Sometimes parties are brought back at an expense of several hundred dollars and then fined only \$10.

It was the general opinion of the council that the department should only take care of the misdemeanor cases, and where cases arose that necessitated going to other towns, the case should be turned over to the sheriff.

The result of the discussion was that the chief was ordered not to go on trips or send any of his men, without first consulting City Attorney D. J. Hall, and getting his consent.

In the future there will be no more pleasure jaunts for the cops.

BIDS WITH-HELD PENDING OUTCOME OF RECENT SUIT

Two bids, one for electrical fixtures and another for vault doors for the new city hall were accepted and filed by the city council last night pending the outcome of a restraining suit filed against them recently. The Pioneer Electric company was the low bidder for the fixtures, its bid being \$261, while that of the Pacific Electrical company was \$277. The sum of \$397 was bid by the M. G. West company for vault doors. The Herman Safe company bid \$460 on the same work.

POLICE PUZZLED AT MEXICAN'S STORY

Police are today continuing their investigation in the mysterious shooting of Meran Gonzales at the Chicago hotel on B street Sunday night.

The man claims to have attempted his own life while in a fit of despondency. This is doubted by the authorities.

LOSES RINGS

Police have been asked to assist Mrs. D. A. Newcomb in the recovery of three rings which she lost.

WARRANT ISSUED FOR JEAN MARTIN ON NEW COMPLAINT

A warrant was sworn to before Police Judge Hiram Jacobs yesterday by Attorney Alvin Gerlach of the Public Welfare league, charging Jean Martin with having operated a place in violation of the redlight abatement act on August 1.

The charge is one prior to complaints which resulted in an injunction being issued by the court closing the White House, operated by the Martin woman for one year.

CITY CANNOT USE PRESENT TREE PLANTING ACT; WORK GLIMMERS

Richmond's chances for a city beautiful campaign are very slim.

City Attorney Hall informed the council last night that owing to a defect in the clause pertaining to the state tree planting act that it would be of no use to Richmond.

The statement from the city attorney shattered the plea of T. D. Jackson of the tree planting commission who asked that some immediate action be taken by the council. The city engineer informed the

CITY WILL PREPARE ITSELF WITH MUCH DATA FOR WATER RATE MEET

According to the law department of the city government it will be necessary for the municipality to prepare itself with much data and statistics for the hearing for lower water rates before the railroad commission, which takes place in this city in the early part of December. The railroad commission has advised the city authorities of the date on which the hearing will be held and according to the city attorney it is up to us to make the proper kind of a showing, else our hopes of a lesser water rate will go glimmering.

Engineer J. H. Dockweiler wants the city to pay him a thousand dollars for digging up the necessary

PULLMAN CAR CO. GIVES IN TO PLEAS FOR SOUTH ST. IMP.

Although a protest was recently filed with the city council by the Pullman Car company protesting the improvement of South street, City Engineer H. D. Chapman informed the board last night that the company would not hold up the work providing the majority of property owners desired it. More than twenty-five residents on the street were present to speak in favor of the thoroughfare's improvement.

The board instructed the city engineer to prepare a resolution of intention calling for bids for next Monday night.

Board that all the plans and specifications for the work were ready.

The commission itself recently reported everything in readiness to commence work. A request by the tree planting commission to hire an auto in which to visit a nursery at Niles was filed.

An entirely new tree planting clause will have to be prepared by the city attorney and submitted to the council before work can be commenced.

figures to fortify the city's case with the state ratemakers, while a man by the name of Maxwell offers to do the same service for seven hundred and fifty dollars—quite a difference. However, the members of the city council know Dockweiler as being a thoroughly reliable man, while they do not know so much concerning Maxwell, except that at one time he was connected with the railroad commission in the capacity of an expert hydrographic engineer.

The matter of selecting an engineer to prepare the data for the city's case before the railroad commission will be definitely determined at the next meeting of the council on Monday night.

COUNCIL NOT TO MIX IN CHARGES

C. W. McMaster, a street contractor, appealed to the city council last night in the matter of his having been declared unfair by the building trades council for having unloaded cement for Paul Schnoor, Schnoor who is engaged in the improvement of San Pablo avenue was recently declared unfair by the local unions.

INCONSISTENT BIDS; NO AWARD

Five bids of which F. W. Wehner lowest, were received by the city of San Jose is thought to be the council last night for the installation of sewers in the Bay Shore tract. Owing to the incompatibility of several of the bids the engineer's office was unable to submit a report.

The bidders were F. W. Wehner, Michael Murphy, Raven company, L. L. Page and F. R. Ritchie.

ANTIOCH WOMAN IS GIVEN A DIVORCE

(Special to Record-Herald) MARTINEZ, Sept. 26.—Lottie Redfern of Antioch was granted an interlocutory decree of divorce from Stacy Redfern by Judge McKenzie yesterday on grounds of failure to provide.

GOES EAST

Elmer Vaughn, 149 Ninth street, was called to Springfield, Missouri, last evening by the sudden illness of his father.

1 5 1

Days have passed and the District Attorney still preserves silence regarding the abatement of the redlight nuisance in Contra Costa county. Perhaps he makes no pretense of doing his duty in this important matter and perhaps he does not care a rap what the people of the county think of his attitude.

Be that as it may, there is a day of reckoning coming when the people will voice their sentiments. In the meantime President Alvin Gerlach and his Public Welfare league are doing a good work. They, at least, are letting no grass grow under their feet, but it is a lamentable condition where private citizens must do the work which should rightfully be performed by officers whose sworn duty it is to handle such matters.

WHY?

7 YEAR OLD GIRL TO BE ADOPTED BY LOCAL WOMAN

(Special to Record-Herald) MARTINEZ, Sept. 26.—A petition for papers of adoption of little 7-year-old Harriett Moltoza of Richmond was filed in the superior court today by Mrs. Alexander Wilcox of that city.

Attorney Hiram Jacobs appeared for the petitioner. The little girl is one of five children in the Moltoza family. Her adoption is favored by the parents.

WASHINGTON AVE. WILL BE PAVED WITH 20 FT. STRIP

Plans will be prepared this week in the city engineer's office for a twenty-foot paved strip on Washington avenue from Richmond avenue to Crest avenue.

The improvement of Washington avenue was urged by several members of the council board last evening. The improved street will run through the center of the street.

FALLS FROM WHARF INTO BAY; INJURED

(Special to Record-Herald) MARTINEZ, Sept. 26.—William Lee was brought to the Martinez hospital yesterday morning from Port Costa, suffering from a dislocated shoulder, the injury being sustained when he fell from the wharf into the bay.

MARRIED

A. L. Agren, employed by the Alaska Packers association in San Francisco, and Miss Margaret Pohley, of this city, were married at Santa Rosa Saturday. The bride is a sister of Mrs. W. F. Wilson of Winehaven.

CONFERENCE TO BE HELD WITH R. R. OFFICIALS BY CITY HEAD

The city will send the city attorney to Los Angeles the latter part of this week to confer with representatives of the Atchison, Topeka and Santa Fe Railway company regarding crossings over its Oakland branch.

The streets which the city plans to open are Third, Fifth and Eighth streets.

In the matter of a crossing at Sixth street, it will be necessary for condemnation proceedings to be started shortly to secure a right-of-way over two lots. This follows from the recently adopted plans which call for a 50-foot crossing at this junction.

Richmond according to a recent supreme court decision has the exclusive right to handle its own street crossings instead of securing a hearing from the railroad commission.

NORTH POLE SEEKER TOLD OF BIG WAR

Although the European war has been punctuating the atmosphere of Flanders, Verdun and the Somme for some months, there is one man who did not know that the Entente powers has so much as discharged a gun at the Allies.

He is Explorer Stefansson, returning from his search for the north pole, who when told of the European war by the crew of the revenue cutter Bear, near Point Barrow, according to a letter received by Mrs. J. G. Gerlach from her son Leonard today, did not believe it.

Gerlach told of the large prices charged for everything in the polar regions.

A paper the size of the Record-Herald he informed his parents sold for twenty-five cents a copy. It costs seventy-five cents to attend a movie show.

According to Gerlach the Bear has a cargo of three tons of dynamite aboard for emergency purposes in the ice floes. She is enroute to Nome at the present time.

STREETS NORTH OF AVE. NEED REPAIRS

The improvement of certain cross streets north of Macdonald avenue which have been made almost impassable by heavy traffic was requested of the city engineer by the council last night.

Portions of Nevin and Barrett avenues were recommended by Councilman Gerlach as being in need of immediate repairs.

CONSERVATISM

Conservatism has well been described as "a dam of experience holding back the unrestrained rush of hope."

The degree of conservatism in a bank has a great deal to do with the safety of its funds, and with the service depositors receive. We invite accounts in the belief that our conservatism will be found genuinely constructive, and not obstructive.

Independent Democratic Official Paper of City of Richmond

TRIMMING THE NEWS

The metropolitan dailies that were forced to make reductions in their issues in order to economize on news print are confronted just now with an interesting problem to disappoint the fewest readers. In the development of the modern newspaper the tendency has been to diversify so as to cater to every possible reading taste and to cultivate new tastes, and it is not an easy matter to determine just where to apply the scissors when it comes to trimming the news down to fit a new and smaller allowance of paper.

The Editor and Publisher, the newspaper man's trade journal, give some interesting suggestions to the big dailies as to what can best be spared from their columns under the changed conditions which they are called upon temporarily to meet. To begin with, it finds that under the old order news stories have been too long, and that brevity can be practiced without any detriment to the general value of the paper. A half column is the limit that it would give to any ordinary "long story."

A most excellent suggestion is that "campaign speeches" and the general piffle of political news and gossip may be condensed to the point of elimination in most instances. With a few exceptions, inevitable in the course of a national campaign, speeches of candidates should be merely summarized, if used at all. Amusement news, especially theatrical and film matter if it is declared should be radically cut, and press agent copy consigned to the waste basket. "Advance notices" or shows, under the new plan, would be paid for as advertising copy.

The lover of baseball, football, golf and tennis will be shocked to learn that the Editor and Publisher would have his favorite daily cut the sport news to about half the space that is now allotted it, and in like manner feminine readers will hold up their hands in protest at the suggestion that the woman's page be given a severe trimming and only features retained which have been tried out and found to have a real, substantial following. Likewise, society news would be cut to a bone—if it has a bone—and only social events in which very prominent people are concerned would be the rule, and the modern newspaper would be an altogether different looking affair when the job was finished.

Coal has gone up in this country in order to be in line with the high price of other commodities, but still there may be some consolation in the reflection that it is not as high here as it is in Italy, where the quotation stands around the fifty-dollar per ton mark.

Money again! John D. went to church the other Sunday, smiled a time or two, and immediately the whole country was bulletined to the effect that he was enjoying himself immensely in Cleveland.

It's no trick at all for the modern girl to win a fellow and at the same time make him think he did the winning.

This world is populated with wise people, fools, and some others. And but few know their class.

SOMETHING ABOUT SNAKES

A well known medical authority declares that there is little foundation for the widespread fear of snakes. Even the poisonous ones—which in this country are restricted to the rattlesnake, moccasin, copperhead and coral snake—do very little harm. He says that of the 1,500,000 deaths in the United States every year, he doubts whether 10 are due to snake bite. The medical records do not show anywhere near that many. He found only one case recorded in two years.

Another authority is quoted as saying: "There are but few poisonous snakes, and few of these carry enough poison to kill a grown person." The rattlesnake is the most poisonous serpent in this country, though rattlesnake venom is only one-seventh as poisonous as that of the cobra. "There is practically no death rate from the bites of the less poisonous snakes," says Dr. Weir Mitchell; and he says that only one person in eight bitten by rattlesnakes dies.

Even then, the doctors seem agreed that most of the rattlesnake victims die of fear, or whiskey, rather than the poison. Persons bitten are usually seized with a wild panic which lowers their vitality and resisting power. The only value of whiskey consists in its reducing this fear by making the patient drunk, and thus regardless of consequences. But even that virtue is counteracted by the lowering of physical resistance caused by the alcoholic poisoning.

The chances of being bitten by a poisonous snake seem to be about equal to the chances of being struck by lightning. And when a person is bitten by one of the four dangerous snakes mentioned the thing to do is to keep cool, avoid whiskey, cut and squeeze out the wound and wash it with a mild solution of hypochloride of lime or a strong solution of permanganate of potash. These chemicals are easily obtained at any drug store.

LAND IN THE ARCTIC

The report is made that the explorer Stefansson has found land far in the north, possibly of continental dimensions. If he has, the consensus of opinion just now will be that he is welcome to all of it. If there could be a useless piece of realty, while present conditions of transport endure, it would be an area tucked away close to the pole. Acceptance of the rumor will not be immediate. Peary also discovered land, that investigation proved, wasn't there. When he told where it was, the party that went to confirm the find, came upon a large expanse of nothing in particular. The idea of a continent at the top of the world has proved very fascinating. Long ago the writers of fiction seized upon it, and finally the fiction became invested with the semblance of fact in the minds of adventurers. There may be a polar continent. Cui bono? as they used to query in the days of Caesar. There may be a lost Atlantis also, but there is no way of figuring out how it can be made to do the race much good. If, however, Stefansson has glimpsed a region even so distant as the remote Arctic, and it is rich as proclaimed in copper, if copper will only keep at the current price, there will be a beaten path to the very foot of the aurora borealis.

TROLLEY LEAGUE OR MARTINEZ, WHICH???

After the Merced Bears what? That is the question which is puzzling Richmond fans and causing them to scratch their craniums. At the present time there are two opponents awaiting the Richmond Elks. The Trolley league and the Martinez aggregation.

Manager McNamara of the county seat nine is positive that his team can streak in a winner if given one more chance.

"SHE MUST SPEND ALL SHE MAKES ON HER CLOTHES!"

This was the conclusion of Margaret's acquaintance when she came down town this morning in a lovely new Autumn Suit. It fitted her exquisitely, and the style was one of those trim, graceful semi-tailored effects with a smart rippled jacket.

You see, although Margaret earns a fair salary, still the inference that she must be extravagant was natural enough. The other girls make as much as she, but not one of them had hopes of having a new suit for several weeks yet.

Margaret buys her clothes ON CREDIT—her friends didn't know that. But they know it now, because she told them all about it and explained how easy it is to pay for one's pretty things by the week or month.

All you need to remember is CHERRY'S and 515 13th street, between Washington and Clay streets. The men's exclusive shop is across the street at 528 13th street. The two San Francisco stores are located at 1009 Market, corner 6th, and 2400 Mission, corner 20th street. The Mission store is open every evening till 9 o'clock. Other stores are in Tacoma, Portland, Los Angeles and Sacramento.—Advt.

MERCED TO COME HERE SUNDAY FOR GAME

The rejuvenated Merced Bears whom our Elks gave such a terrible trouncing last Sunday will make their appearance at the local First street grounds Sunday afternoon.

Artie Benham, crack twirler for the Bears was shipped a solar plexus punch by the willow wielding locals will make a second attempt to re-instate himself with his valley admirers.

FIGHTER CRIPPLED WITH HEART ATTACK

Frank Mejia, former Richmond prizefighter, was removed to the Providence hospital in Oakland last night. He is suffering from heart trouble.

According to his brother, Albert Mejia, he has lost the use of his lower limbs.

COMING EVENTS

Sept. 28.—Whist party to be given by the West Side Womens Improvement club.

Oct. 3.—Masquerade ball at Pythian hall, given by Richmond Praetorians; admission 50¢; ladies free; Schwartz orchestra; four prizes to be given.

October 7.—Snowball dance at East Shore Park. McRacken-Lenzen orchestra.

Nov. 10 and 11.—Ladies' Aid of Wesley M. E. church will hold annual bazaar.

OF LOCAL INTEREST

Some People We Know, and We Will Profit by Hearing About Them.

This is a purely local event. It took place in Richmond. Not in some faraway place. You are asked to investigate it. Asked to believe a citizen's word. To confirm a citizen's statement.

Any article that is endorsed at home is more worthy of confidence than one you know nothing about, endorsed by unknown people.

Wm. Herman, carpenter, 605 Ninth St., Richmond, says: "I think heavy lifting is what weakened my kidneys and caused kidney complaint. I had a heavy, bearing-down pain across my kidneys, which made me feel bad all over. My kidneys acted irregularly and the kidney secretions were unnatural. Six boxes of Doan's Kidney Pills, procured from the LaMoine Drug Co., helped me as nothing else had ever done."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Herman had. Foster-McBurr Co., Props., Buffalo, N. Y.—Ad.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF CONTRA COSTA.

In the Matter of the Estate of J. V. LAMORE, Deceased.

No. 3253, Dept. 2.

NOTICE IS HEREBY GIVEN, That in pursuance of an order of the Superior Court of the County of Contra Costa, State of California, made on the 15th day of September, 1916, in the matter of the estate of J. V. Lamore, deceased, the undersigned, the administratrix of the estate of J. V. Lamore, deceased, will sell at private sale, in one parcel, to the highest bidder, upon the terms and conditions hereinafter mentioned, and subject to confirmation by said Superior Court, on or after the 22nd day of October, 1916, all the right, title, interest and estate of said J. V. Lamore, deceased, at the time of his death, and all the right, title and interest that said estate has, by operation of law or otherwise, acquired, other than or in addition to that of said deceased at the time of his death, of, in and to that certain lot, piece or parcel of land situated, lying and being in the City of Richmond, County of Contra Costa, State of California, and particularly described as follows, to-wit:

All of Lot No. Three (3) of Critchett's Subdivision, said lot is twenty-two by sixty feet, and more particularly described as follows: Beginning at the intersection of the forty-four feet front of the Eastern corner of Santa Fe and Richmond Avenue fronting on Richmond Avenue twenty-two feet, thence sixty feet in an Easterly direction, thence in a Northerly direction twenty-two feet, thence in a Westerly direction sixty feet to point of starting; said lot is more fully numbered and described upon a certain map now on file in the Recorder's office of Contra Costa County; said Critchett's Subdivision is a portion of Lots Eight (8), Nine (9) and Ten (10) of Block Two (2) of the Town of Richmond, as said lots are more fully numbered and designated upon a certain map entitled "Amended Map No. 1 of the Town of Richmond." Being a portion of Lot 48 of the final partition of the San Pablo Rancho, which said map is filed in the office of the Recorder of said Contra Costa County, California, April 18th, 1902.

Terms and conditions of sale: Cash, in gold coin of the United States; ten per cent of the purchase money to be paid at the time of sale; balance on confirmation of sale. Deeds and abstract at the expense of the purchaser. The purchaser to assume the payment of, and take the property purchased by him subject to all the state and county taxes, and all assessments whatsoever name or nature which are now or may become hereafter chargeable to or a lien against the property purchased by him.

All bids or offers must be in writing and may be left at the office of T. H. DeLap, attorney for said administratrix, at Richmond, California, or may be delivered to said administratrix personally, in said county of Contra Costa, or may be filed in the office of the clerk of this court, at any time after the first publication of this notice and before the making of the sale.

Dated this 22nd day of September, 1916.

FERRYBOAT BRONX BLOWN UP BY MOVIE COMPANY FOR THRILLER

New York lost one of its landmarks recently when the old "Bronx" ferry boat, one of the very first ferry boats which was put into service between Manhattan and Long Island and Jersey, when it was used as a derelict in the film story of "Paying the Price," and blown up by a torpedo from the United States torpedo boat destroyer No. 60, the Wadsworth, to add the proper atmosphere for the World Film feature which is at the Richmond theater today. In this feature, directed by Frank H. Crane, Gail Kane stars, supported by an excellent cast, including Gladden James, June Elvidge and Robert Cummings.

"One A. M." is the comedy Charles Chaplin will play at the Richmond this week. Charles is funniest ever in the show coming up.

"Jaffery" will come to the Richmond theater the first of next week. It will be shown in Richmond immediately after its release in San Francisco, thus giving Richmond the preference over all other bay cities.

PAULINE FREDERICKS in "The Woman in the Case" at the Richmond Theater tomorrow night and Thursday.

CITY OFFICIAL IS IN BAD OVER CITY RATS

Rats of this city have got the official ratcatcher in "Dutch" with the city council last night that he may lose his job.

Certain objections raised by several of the board concerning the poor results of the ratcatcher led to a proposal being made that instead of paying the official fifteen cents a rat, that a general bounty of five cents be offered. The only requirements necessary to secure the bounty being to present the rat dead or alive at the city health office. It was finally decided to refer the matter to the finance committee for one week.

Others urge the advantages of California City, on the Marin county shore where deep water channels already exist due to the strong tide rip through Raccoon straits. A fifth proposal is to establish the base on Goat island, utilizing the northern portion. For this purpose it would be necessary to level off the hill on the north side and remove a sufficient amount of earth to make room for the necessary buildings.

Another Alameda county site is one at San Leandro. Advocates of this location point to its distance from the general commercial centers as an advantage. Rail facilities are adequate, and only a small amount of dredging would be necessary.

A third proposal is to establish the base on Goat island, utilizing the northern portion. For this purpose it would be necessary to level off the hill on the north side and remove a sufficient amount of earth to make room for the necessary buildings.

Others urge the advantages of California City, on the Marin county shore where deep water channels already exist due to the strong tide rip through Raccoon straits. A fifth proposal is to establish the base at Hunters' point in San Francisco, where the federal government is now holding land under a six-year lease at \$50,000 a year.

Representatives from Mare island will undoubtedly be present at the hearing to urge that the base could be established there most conveniently in connection with the navy yard. It is not believed, however, that these arguments will be of much weight, as the naval base will be entirely distinct from a navy yard and will fill another function.

The appointment of the board is in accordance with provisions of a bill introduced in the house by Congressman J. Arthur Elston.

FILM PLANT BURNED IN \$75,000 BLAZE

LOS ANGELES, Sept. 26.—Fire of an undetermined origin early today destroyed the plant of the Pacific Film laboratories, entailing a loss of between \$25,000 and \$45,000. It is believed several valuable films were in the laboratories at the time of the fire.

UNWRITTEN LAW TO BE MAN'S LAST PLEA

MARSHFIELD, Ore., Sept. 26.—The unwritten law will be the defense of J. M. Young, who is on trial here today for second degree murder. Young admits he shot Jim Condas to death when he found him in his daughter's room one morning.

Compromise Planned OVER TERRACE AVE.

A compromise may be made sometime this week by the city engineer and H. A. Hancock regarding a "jump-off" in a sidewalk on Terrace avenue. Hancock contends that an error in the official plans was responsible for the defect.

This is denied by Chapman who claims that it resulted from efforts to save Hancock's property.

KILL RATS URGES U. S. HEALTH HEAD

Senior Surgeon C. C. Pierce of the United States Health service, in a communication to the city council last night, urged that the present rat campaign be continued for some time yet.

According to Pierce seven plague infected squirrels have been caught near Richmond. Squirrels of rats with the plague squirrels brings the disease into the homes.

BOARD RATIFIES 2 NEW APPOINTMENTS

Two appointments were ratified by the council last night.

John F. Lathrop was appointed a callman to fire company No. 1 to succeed R. H. Horwitz, who leaves shortly for El Paso to engage in business. Fred W. Carpenter was appointed patrolman to succeed D. A. Fowler, who recently resigned.

STAY OF SENTENCE GRANTED TO BILLINGS

SAN FRANCISCO, Sept. 26.—Warren K. Billings, convicted of murder as a result of the preparedness parade bomb explosion, won a respite from the imposition of the life sentence recommended by the jury when, before Superior Judge Frank H. Dunne, the securing of new evidence was announced by Maxwell McNatt, chief counsel for the defense. His date for sentence was postponed.

END OF R. R. STRIKE NOT YET IN SIGHT

SEATTLE, Sept. 26.—Here for a ern officials, Louis W. Hill, president of the railroad, out W. Hill, president of that railway, today characterized the eight-hour law as "not by any means a real settlement of the railroad strike."

"The real issue of the strike—wages—was not settled in President Wilson's steam rolling process," said Hill, "and that issue at stake is yet to come. His action may have been a political move, but it certainly expressed a lack of knowledge of actual railway conditions. Government railway mail clerks are sometimes required to work more than eight hours a day, and yet President Wilson declared that society generally had accepted the eight-hour day."

BATTLESHIP ON WAY TO VERA CRUZ PORT

WASHINGTON, Sept. 26.—The reserve battleship Illinois at the Philadelphia navy yard was ordered today to relieve the Nebraska, on duty at Vera Cruz, about October 1.
